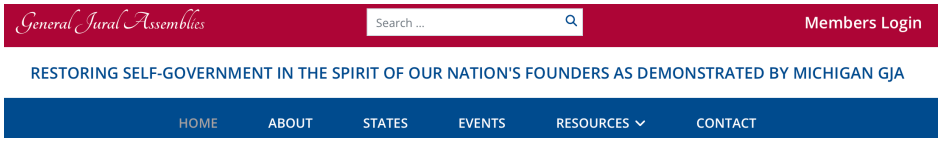
Website Quick Start

This guide helps explain how to login to STATES.MOGJA.net for the first time.

SG Role. When New State users are first given credentials to login to STATES.MOGJA.net the role assigned is State Guest, with access to the PLAN Introduction Portal X-060 and the Training |Sample County portal. For our purposes we will assume that the credentials are (NewState)SG@mogja.net, and we will represent that with the test user TESTSG@mogja.net

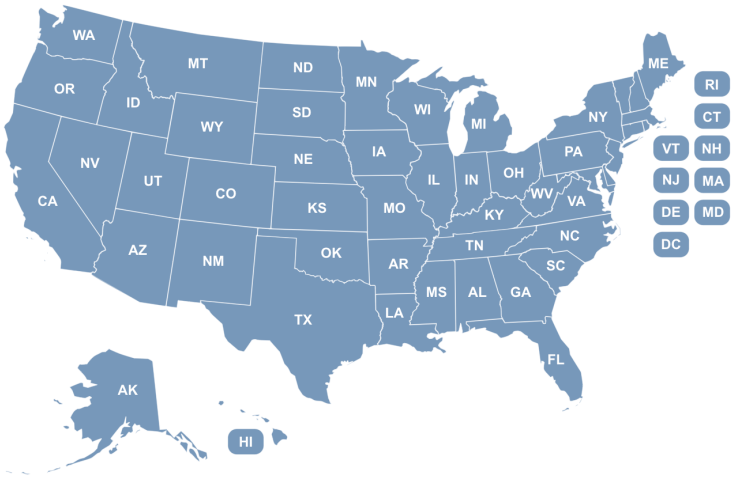


Public Pages. First explore the public areas of the website by clicking on the menu items:

HOME - three slider pages give an introduction to the website

ABOUT - provides a brief summary

STATES - a map of the states, with links to the state public pages, and below a table of states information



States Information Table

State Name	Population	Year Established	Contact	Website	A. Participation	B. Reassembly	C. Union
Alabama	5,024,279	1819					
Alaska	733,583	1959					
Arizona	7,276,316	1912	comsec@arizonadejure.org	arizonadejure.org	Dec 2024		
Arkansas	3,045,637	1836					
California	39,538,223	1850	commsec@californiadejure.org	californiadejure.org	Dec 2024	July 31, 2021	
Colorado	5,773,714	1876					

EVENTS - a calendar of coming events

RESOURCES - much important information is found here:

Articles - a six-minute introduction, a note about the Settlement PLAN, and a list of education presentations given by several states where Q&A can take place

Videos - an extensive list of educational video presentations with hyperlinks to them

FAQ's - a few frequently asked questions

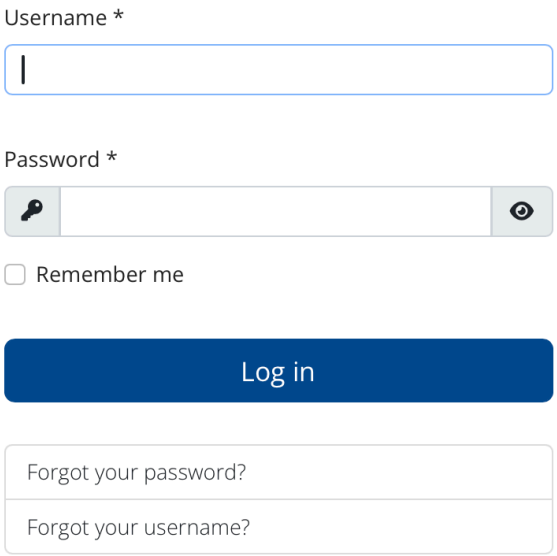
Participation - a comprehensive step-by-step outline of how someone can participate in jural assembly activities as a member

Public Notices - some sample public notices by Missouri—each state's notices are posted on their individual public pages access through the STATES menu.

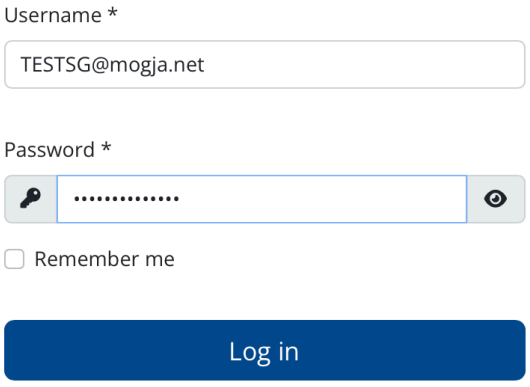
CONTACT - form for contacting the General Jural Assembly of any state, as the information will be forwarded (read note at bottom)

First Login. To access the members area requires credentials to login, a *username* (in the form of an e-mail address) and a *password*. The initial password provided needs to be changed upon the first login. Click on text:

and the login screen appears:

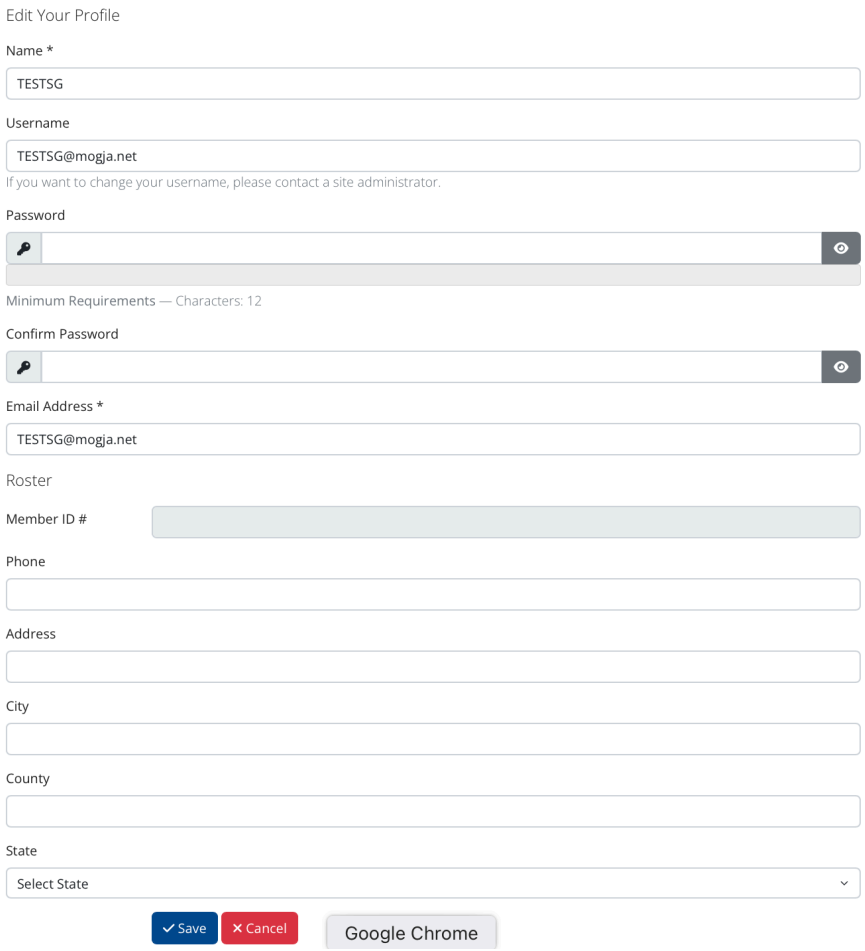


The test user is entered:



Clicking on Log in

results in the Member Profile screen appearing:

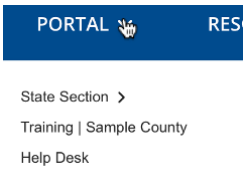


Enter a password of your choosing in the Password box and repeat in the Confirm Password box. It must be at least twelve characters. It is not case sensitive and special characters are not required. At any time, by clicking on the Username:

the Member Profile screen will appear so that you can change the password or other information.

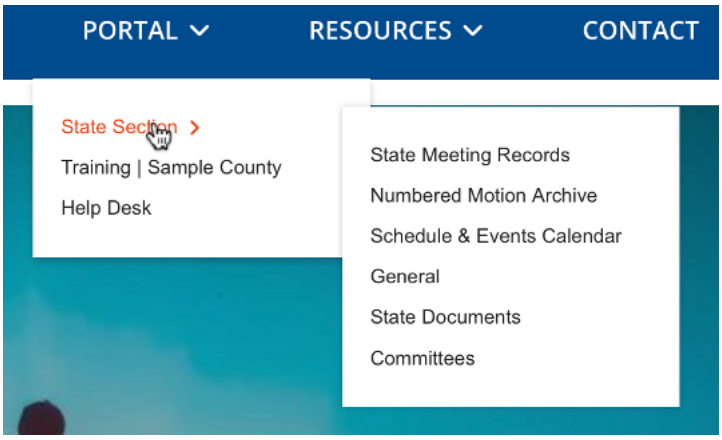
Click the Save box to initiate your new password.
You will see that another item, PORTAL, has been added to the Main Menu.

Placing the cursor on the down symbol provides the PORTAL selections:

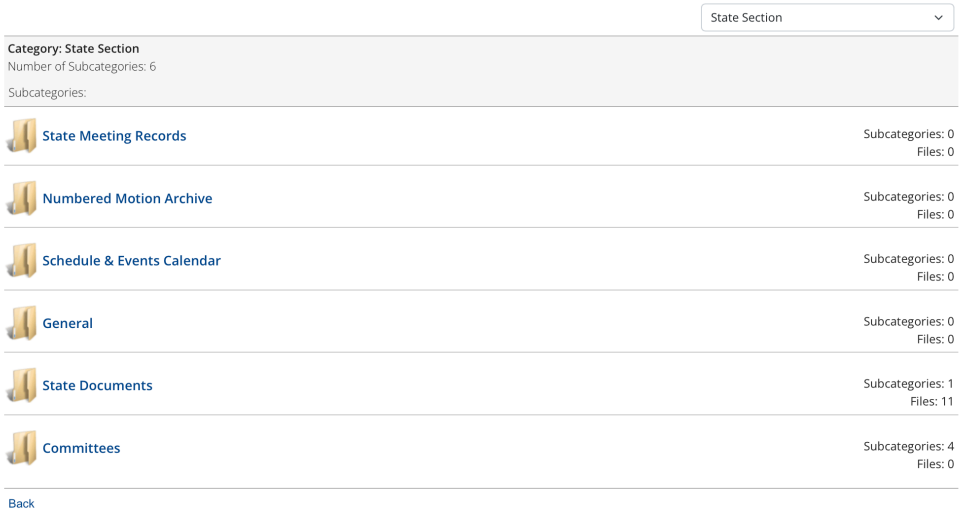


State Section - access to the special portal
Training | Sample County - access to the training materials for the website
Help Desk - a means to contact the PLAN Website Administrator with technical issues after training materials have been reviewed—system help is limited, so this is really for the website being broken, a major system issue, or needed corrections—it is not for system training.

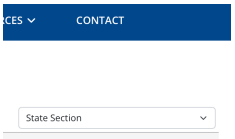
Hovering the cursor over the State Section you will find six options. These are "fixed" folders that show up, but only one of these is available with the SG role.

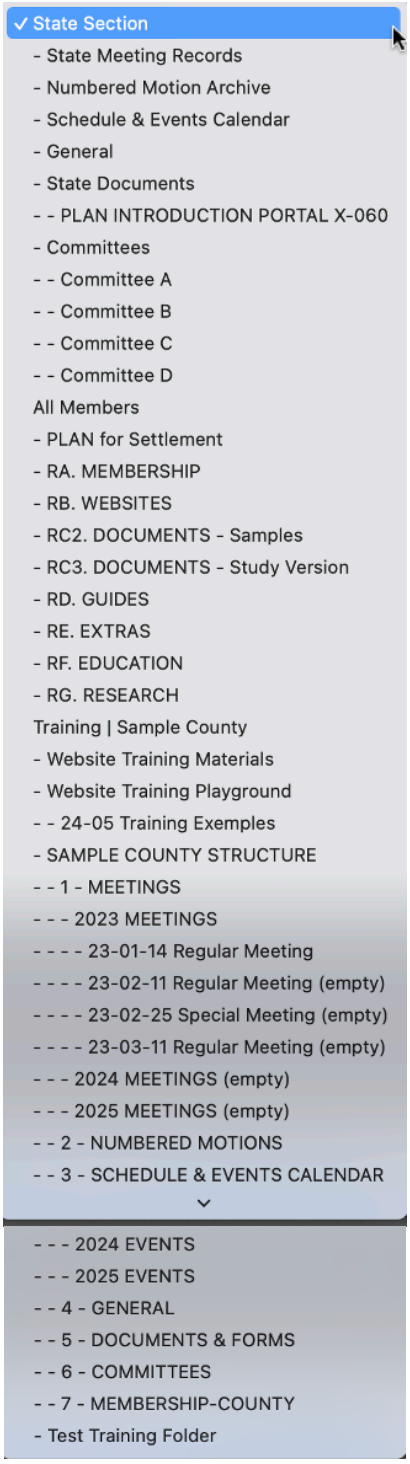


So simply click on **State Section** and you will be taken directly to that area, where you can select the State Documents. Note that on the far right you are told how many sub-folders and files are contained in each folder. Only **State Documents** has any files in it.



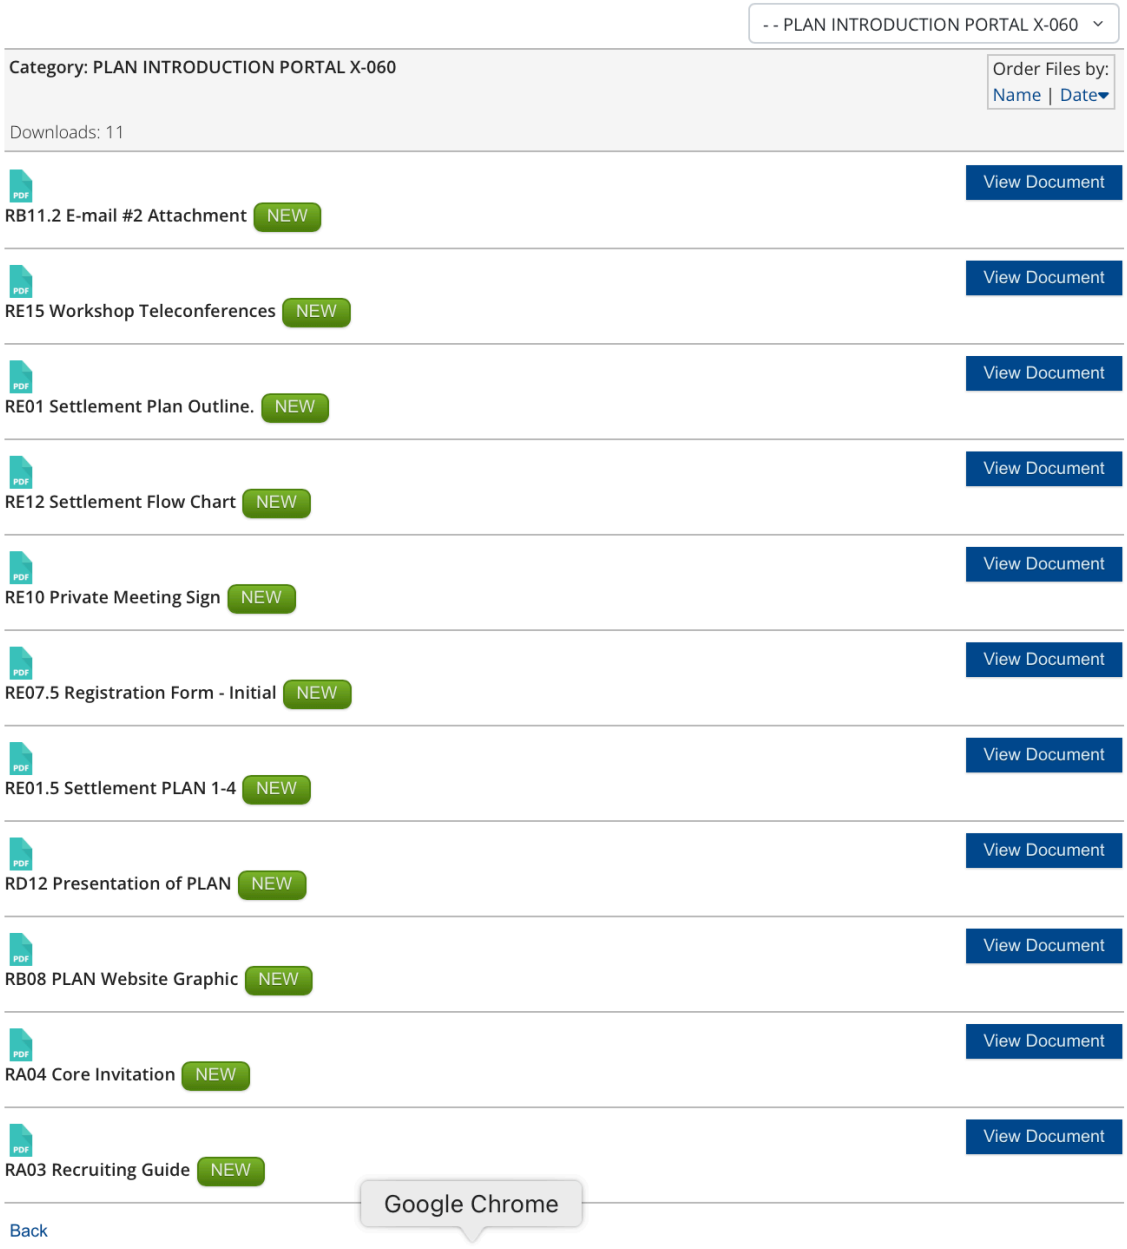
Note that you now have access to the internal menu navigation system found in the upper right of this screen. If you select the down symbol you are presented with the list of all the folders you can view. Some do not have data, and some cannot be accessed.





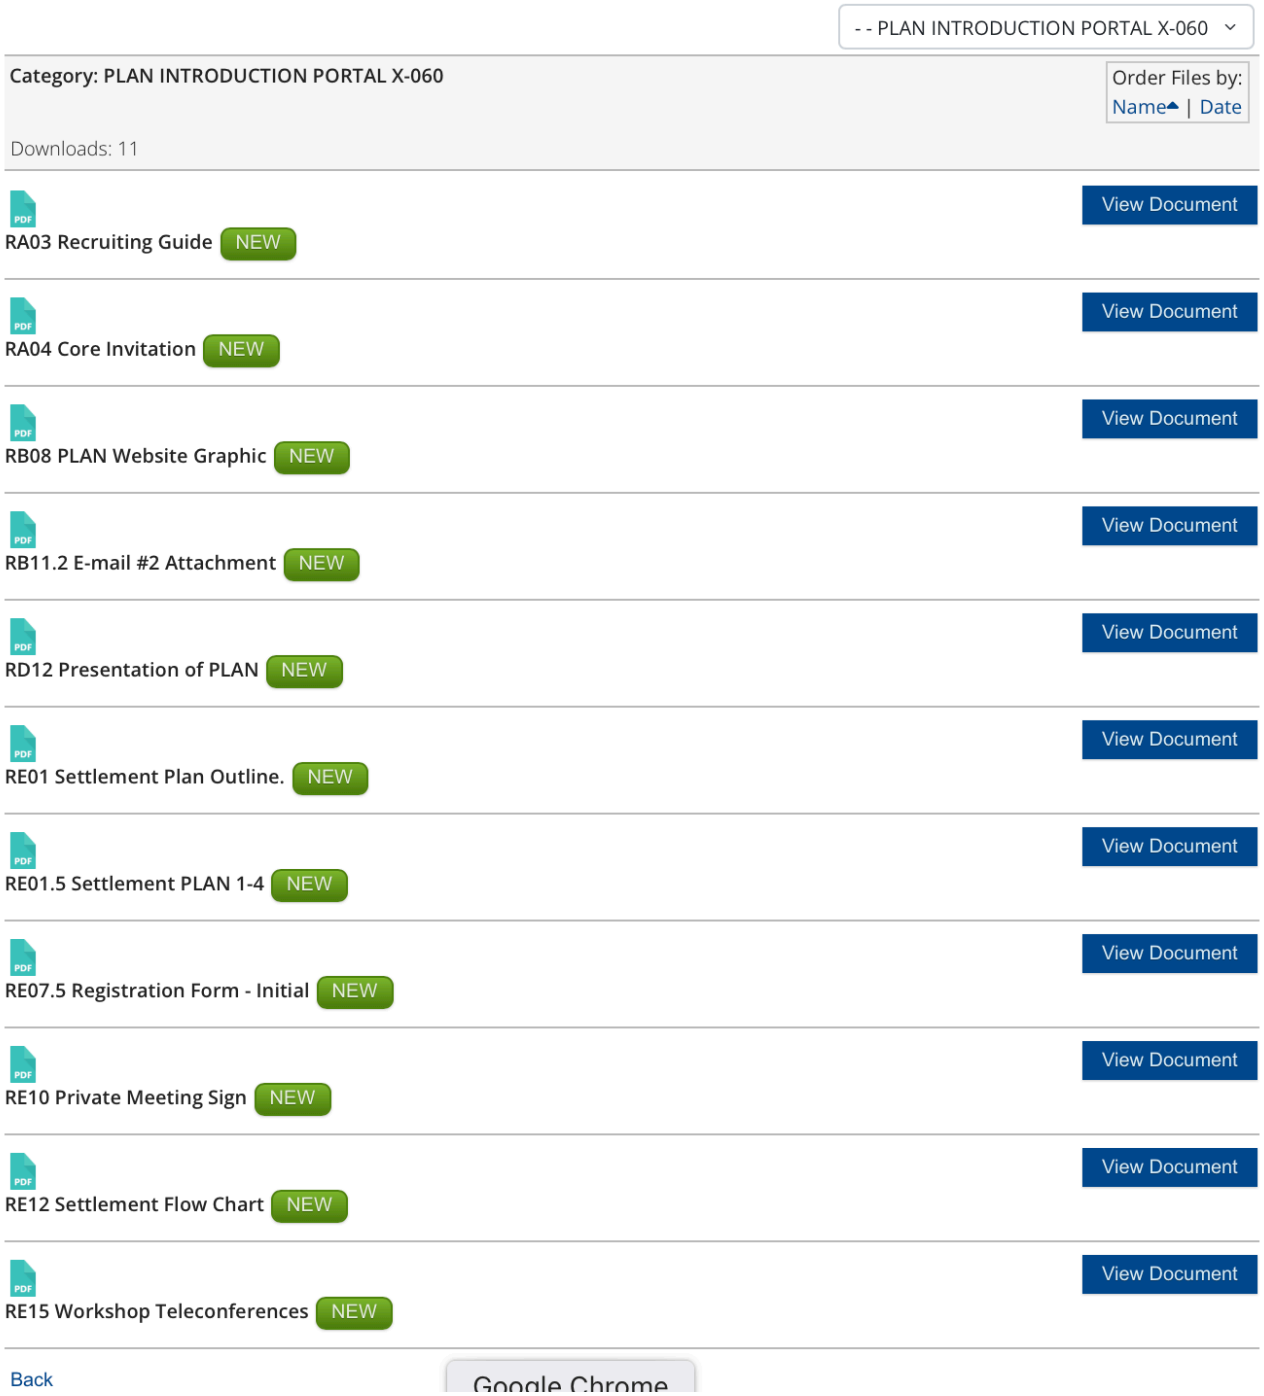
Selecting one of these folders takes you to it. For example, you can click on PLAN Introduction Portal X-060 from here, or you could have done it from the previous screen by choosing the folder State Documents, and find within it the sub-folder PLAN Introduction Portal X-060. Or from this side menu drop-down you could pick Training | Sample County and go directly there.

In any case you have now arrived at the special portal that the SG role provides.



Notice that the files seem to be in no particular order. In the upper right corner is a selection box that you can select.

Click on Name to order the files alphanumerically, resulting in the following screen.



These files are your primary objective for introduction to the Settlement PLAN. And the Training area (where this very document is also stored) provides support training for the website. RE12 gives a quick overview, RD12 gives a more comprehensive look at the PLAN and website, RE01 is the PLAN Introduction, and RE01.5 is the first four STEPS of the PLAN.

RE15 provides the Thursday Workshop Teleconference information.
